

MORCEMSEAL TODO 1

[R4]

Passivation,
reparation and
concrete protection
in only one product

MORCEMSEAL TODO 1 (R4)

High-strength, thixotropic, fiber-reinforced mortar designed to inhibit corrosion through the formation of robust covalent bonds. Incorporates silane-based compounds that provide enhanced protection and waterproofing for concrete repairs.

MORCEMSEAL TODO 1

- Passivate, repair and protect concrete.
- Smooth finish
- Fast setting: 40 min
- Paintable after 4 hours.
- Application thickness: 4 to 40 mm.
